M-B-1000	1000mm Round	Over 25m
M-B-800	800mm Round	To 25m
M-B-600	600mm Round	To 20m
M-B-655	650 x 500mm Rectangular	To 20m
M-B-450	450mm Round	To 15m
M-B-300	300mm Round	To 8m

**\* Best Distance**

Measured by adding the distance from viewer to mirror, and mirror to subject being viewed. Distances are an indication only – most mirrors provide satisfactory service well beyond this range.

**Note 1:** Distance guide for traffic mirrors depends on the need to be noticed, area coverage required and the speed of the traffic. A larger mirror helps reduce reaction time.

**Standard Outdoor**

An extremely durable all weather mirror suitable for road and pedestrian traffic applications, distribution depots and parking areas. Impact resistant acrylic face with high visibility orange visor and extremely robust post bracket. Security caps cover fixings.
